

Springers' CCIS has accepted selected materials from SPbPU IDE 2020 for publishing as a Post-proceedings issue!

SPBPU IDE-2020

INTERNATIONAL SCIENTIFIC CONFERENCE
ON INNOVATIONS IN DIGITAL ECONOMY

On October 22-23 the Graduate School of Industrial Economics hosted the [International Scientific Conference on Innovations in Digital Economy: SPBPU IDE-2020](#).

Now we are happy to announce that the top articles will be published as a [Communications in Computer and Information Science \(CCIS\) post-proceedings volume](#). CCIS is abstracted/indexed in DBLP, Google Scholar, EI-Compendex, Mathematical Reviews, SCImago, Scopus. CCIS volumes are also submitted for the inclusion in ISI Proceedings.

Springer refined its focus, becoming the market leader for educational and professional media in the areas business, natural sciences, engineering and social sciences. Springer offers many opportunities for authors, customers and partners. With more than 2,900 journals and 300,000 books.

We are very happy that materials from our conference will become part of Springers' [Communications in Computer and Information Science \(CCIS\)](#). Soon our managers will consult the authors on all organizational issues. Authors will be provided the instructions for the preparation of their papers, receiving their ORCID, as well as the assistance in completion the Consent-to-Publish form. The corresponding author signing the copyright form should match the corresponding author marked on the paper. Once the files have been sent to Springer, changes

relating to the authorship of the papers cannot be made.
